WHY I WALK

***I LOST ALMOST EVERYTHING.
I DID NOT LOSE MY FAITH.***

Addiction to alcohol, drugs and gambling brought devastating consequences into my life. I lost my home, and the family life I had spent years building fell apart.

At one of the lowest points of my life, one thing remained with me - my faith. I felt that God reached out His hand to me.

Cross of England 2027 is my way of giving thanks, openly witnessing to Jesus Christ and proclaiming the Gospel, and turning painful experience into something that may help another person take a first step toward freedom and recovery.

I do not present myself as a therapist or addiction professional. I can offer testimony, conversation and encouragement. Professional treatment belongs to professionals.

***“At one of the lowest points of my life, I felt that God reached out His hand to me.
Walking the Cross of England is my way of reaching mine towards somebody else.”***

**MY PAST EXPLAINS WHY I WALK.
HOPE EXPLAINS WHY I KEEP WALKING.**

THE MISSION

FAITH • FREEDOM • RECOVERY • HOPE

FAITH

Openly witness to Jesus Christ and the Gospel, and share the role faith played when life had fallen apart.

FREEDOM

Carry a message that a person does not have to remain imprisoned by addiction, shame or the past.

RECOVERY

Raise awareness of alcohol, drug and gambling addiction and encourage people who are struggling to seek real, professional support.

HOPE

Show that losing almost everything does not mean losing the possibility of beginning again.

YOUR NEXT STEP CAN STILL CHANGE YOUR DIRECTION.

The route itself is part of the message: a Christian pilgrimage across England designed to form a cross on the map, with Sheffield at its heart and Bournemouth as the start and finish.

THE EXPEDITION PRINCIPLES

EVERY MILE ON FOOT - NO EXCEPTIONS

The entire planned Cross - approximately 1,143 miles / 1,839 km - will be completed on foot. No car, bus, train, taxi or other form of transport will be used to advance along the route.

IF THE WALK STOPS, THE ROUTE STOPS

If weather, injury, safety or another circumstance forces the walking day to end, no forward distance will be gained by transport. When the expedition resumes, walking continues from the exact point where it stopped.

WALKING RHYTHM

Day 1 begins after Holy Mass and continues until dusk. From Day 2 onward, the intention is to walk from dawn until dusk. Daily distance depends on daylight, terrain, weather, physical condition and safety.

THE JOURNEY WILL BE DOCUMENTED

GPS track, photographs, video and an expedition journal will record the route and the story.

MY TENT WILL BE MY HOME

The primary accommodation plan is the lightweight shelter carried throughout the expedition.

HUMAN KINDNESS IS WELCOME

If a person, family, parish or community freely offers a safe place to sleep, a garden, water, food, a shower, laundry or charging, that kindness may be accepted with gratitude.

THE MISSION REMAINS INDEPENDENT

A sponsor may support the journey, but does not purchase or control its Christian or recovery message.

EVERY STEP OF THE CROSS WILL BE WALKED.

WALK A MILE WITH ME

**YOU DON'T HAVE TO WALK 1,143 MILES.
JUST WALK ONE WITH ME.**

The full Cross remains my commitment, but the pilgrimage does not need to be lonely.

On selected sections, people may be invited to walk alongside me for a mile, several miles or part of a day: people in recovery, families affected by addiction, clergy, recovery workers, supporters, sponsors and local residents.

A shared mile creates space for conversation. It can turn an abstract message about addiction, faith, freedom or hope into a real human encounter.

**1,143 MILES.
ONE CROSS.
EVERY MILE ON FOOT.**

I do not know every person I will meet along these 1,143 miles. I do not know every place I will sleep or every difficulty I will face. But I know why I am walking.

For faith. For freedom. For recovery. For hope.

If this journey helps even one person believe that taking their next step is still possible, every mile will have been worth walking.
